Gibson Dental

5445 N Kolb Road
Suite 205
Tucson, AZ 85750

I understand that this office abides by the Privacy Practices required by HIPPA. I understand that this office will use my records only to aid in my dental and medical care and some of my information will be shared with insurance companies or other medical professionals in order to achieve that goal.

Signature: _____

I hereby give consent to Dr. Sandra Wells Gibson to take care of my Dental needs. I also understand and agree to abide by all office policies that have been presented to me.

Signature: _____

Velscope Oral Cancer Screening Detecting early stages of oral cancer

- *Oral cancer has 3 times as many victims as cervical cancer*
- *The incidence of oral cancer is growing.*
- *The biggest growth in oral cancer is among young non-smokers, and oral cancer is now linked to HPV.*
- *When oral cancer is discovered in early stages, the survival rate is very high but when discovered late (which is normally the case), the survival rate is very low.*
- *Health experts recommend that all adults receive annual oral cancer screenings*

We recommend this exam for all of our patients. The Velscope screening takes very little time, involves no pain or inconvenience, and is very affordable. The cost is \$25.00 and is unfortunately, at this time, still not covered by insurance.

Yes. I would like to have the Velscope exam done today.

No. I am not interested in the Velscope exam.

Patient's signature _____

CONSENT TO PROCEED

I authorize Dr. Sandra Gibson and/or staff to perform those procedures as may be deemed necessary or advisable to maintain my dental health or the dental health of any minor or other individual for which I have responsibility.

I understand that the administration of local anesthetic may cause an untoward reaction or side effects, which may include, but are not limited to bruising, hematoma. Cardiac stimulation, muscle soreness, and temporary or rarely, permanent numbness. I understand that occasionally needles break and may require surgical retrieval. Occasionally drops of local anesthetic may contact the eyes and facial tissues and cause temporary irritation.

I understand that as part of the dental treatment, including preventive procedures such as cleaning and basic dentistry, including fillings of all types, teeth may remain sensitive or even possibly quite painful both during and after completion of treatment. Dental materials and medications may trigger allergic or sensitivity reactions including swollen gums.

After lengthy appointments, jaw muscles may also be sore or tender. Holding one's mouth open can, in a predisposed patient, precipitate a TMJ disorder. Gums and surrounding tissues may also be sensitive or painful during and/or after treatment. Although rare, it is also possible for the tongue, cheek or other oral tissues to be inadvertently abraded or lacerated (cut) during routine dental procedures. In some cases, sutures or additional treatment may be required.

I understand that as part of dental treatment items including, but not limited to crowns, small dental instruments, drill components, etc. may be aspirated (inhaled into the respiratory system) or swallowed. This unusual situation may require a series of x-rays to be taken by a physician or hospital and, in rare cases, require bronchoscopy or other procedures to ensure safe removal.

I understand the need to disclose to the dentist any prescription or non-prescription/recreational drugs that are currently being taken or that have been taken in the past. I understand that taking the class of drugs prescribed for the prevention of osteoporosis, such as Fosamax, Boniva or Actonel, may result in complications of non-healing of the jaw bones following oral surgery or tooth extractions.

I do voluntarily assume any and all possible risks, including the risk of substantial and serious harm, if any, which may be associated with general preventive and operative treatment procedures in hopes of obtaining the potential desired results, which may or may not be achieved, for my benefit or the benefit of my minor child or ward. I acknowledge that the nature and purpose of the foregoing procedures have been explained to me if necessary and I have been given the opportunity to ask questions.
